Minutes:

MAYOR GOODMAN declared the Public Hearing open on Item 132 [SUP-18637] and Item 133 [SDR-18638].

**CITY COUNCIL MEETING OF: February 21, 2007**

Because Item 132 and 133 were moved up on the agenda at COUNCILMAN WEEKLY'S request, MAYOR GOODMAN noted that should anyone arrive later, he will grant them the opportunity to speak.

DAN MARTINEZ appeared with his son, JUSTIN MARTINEZ, 709-731 Fremont Street. MR. MARTINEZ, SR. stated that the proposed structure has been redesigned to allow for relocating the parking structure. They are committed to the project and have been working with architects and engineers to ensure that the project is viable.

MAYOR GOODMAN queried about the financing and the price ranges. MR. MARTINEZ, SR. replied that financing was not in place, but they have prospects. In addition, the size of the units range from 800 to 2,400 square feet, at approximately \$400 per square foot.

MAYOR GOODMAN commented that he has been criticized for possibly sending the wrong message while expressing his main concern for ensuring that the City is not duped relative to granting entitlements. He did not agree, as he felt it was a responsible measure to have developers come back with updates to ensure their projects are successful. He wondered what would be a fair and reasonable timeframe. COUNCILMAN WEEKLY added that the City is making substantial contributions and want to send a clear message towards projects that are ambitious.

SCOTT ADAMS, Director, Office of Business Development, was not present to address the timeframe; therefore, MARGO WHEELER, Director of Planning and Development, believed that one year would be sufficient time for the engineering work and mapping progress to take place, even though the applicant would not have the building permit. Both MR. MARTINEZ, SR. and JR. agreed that one year was not unreasonable.

AL GALLEGOS confirmed the applicant's name and expressed uncertainty towards the applicant.

TED RUSSELL, Las Vegas resident, questioned the height of the Fremont Street Experience elevation. MR. MARTINEZ, JR. was unsure of the exact figure but pointed out that the canopy has been addressed and is not an issue.

COUNCILMAN WEEKLY thanked MR. MARTINEZ, SR. and JR. for being present. The Councilman would like to see them work with the Office of Business Development to assist in keeping Council briefed and staying informed of the project's progress.

MS. WHEELER confirmed with COUNCILMAN WEEKLY that Condition 2 would need to be amended to reflect a one-year approval.

MAYOR GOODMAN declared the Public Hearing closed on Item 132 [SUP-18637] and Item 133 [SDR-18638].
